

Wisconsin Clean Cities Membership

"Driving Wisconsin Forward"

Why Join WCC-SEA?

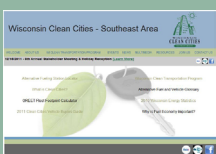

It's all about improving quality of life for the people living in Wisconsin. WCC-SEA works to promote the use of alternative fuels, alternative fuel vehicles, advanced technology vehicles, and supporting infrastructure. Why? Because these fuels and vehicles contribute to better air to breathe, less reliance on petroleum, and support the nation's economy.

In order to meet this mission, WCC-SEA relies on support from our members. Dues and sponsorships enable WCC-SEA to hold meetings, host educational workshops, and provide vital outreach materials.

Membership Pledge

I, _____, pledge to support WCC-SEA and its mission to promote cleaner air and energy security through alternative fuel development. I also support the U.S. Clean Cities Program's broader mission to advance the nation's economic, environmental and energy security by supporting local decisions to adopt practices that contribute to the reduction of petroleum consumption.
